Transitional Semi Permanent shelter at Sisneri, Makawanpur

Upon the request from the Helth post of Sisneri-Makawanpur by Mr. Sagar Lama, HDSN sent three transitional semi permanent shelters to Sisneri which have been setup in three different locations providing the needful services to the community in the local area.

The shelters were setup in coordination between HDSN and Mr. Sagar Lama, health facilitator in the health post of Sisneri.

The shelters are supported by-
America Nepal Medical Foundation (ANMF)-2
Help Nepal Network-1

Integrated camp at Talakhu , Nuwakot

Integrated camp at Talakhu conducted comprising the population of Talakhu and Likhu with integration of health camp, oral health program, acupuncture and distribution of clothes. HDSN team deend the screening and treatment in the form of Extraction-140, restoration-43, fluoride application and oral health counselling and orientation to the villagers.

Similarly the team provided acupuncture therapy to the villagers along with the distribution of the clothes. Some gaming stuffs were distributed to the children.

The camp was supported by We Help Nepal. Some medicines were supported by Americares and the doctors from Singapore with the help of coordination by Ms. Jessi Lai.

Transitional Semi Permanent shelters at Kavre

Complete set up of the transitional shelters have been done in Kavre serving more than 300 students in Shree Setidevi Secondary school, health post that have been serving more than 2152 people and the shelter for the single old lady who is getting saved from these cold days.

The shelters have been supported by-

Help Nepal Network	1
Julia	1
Brinda and Friends	3
Beth Cole	1

Similarly another school program with oral screening and treatment in the form of restoration, extraction and fluoride application done in Adarsha Janapremi School with student count of 500

School Program at Bloom Nepal

Rayan's friends from Australia had sent gifts and letters to Nepal and what better than hand it out to children at Bloom Nepal School. In return the children who took part have replies ready to be sent back to Perth with all the love from Nepal. There is beginning of a new friendship between children of Australia and Nepal. Thank you Michelle Boag and Children from room 13 Millens Primary School, Perth for initiating this wonderful event.

Orientation program - Organized by Milijuli Samaj

Oral health orientation program was conducted in Naikap. The program was supported by Milijuli Samaj Nepal and Milijuli rin tatha bachat sahakari sastha. The program is basically focused on the oral health education and motivation to create sound oral health hygiene. Also the orientation program educates the people about the oral conditions and treatment needs of the people.

Oral health program at Bloom Nepal

One day camp at little bloom school Lulu was conducted. Examination and treatment of 70 students and teachers done. Treatment done in the form of extractions-30, restorations-15 and fluoride application. Along with the camp, the school programs were conducted by the team of quake volunteers.
